Description: General Motors has decided that certain vehicles listed above may not conform to sections (19), (28), and (30)(c) of Canada Motor Vehicle Safety Standard (CMVSS) No. 108, "Lighting Systems and Reflective Devices". The standard requires daytime running lights (DRLs) to be active if the vehicles are operated at the prescribed speed or have traveled the prescribed distance, unless lower beam headlamps are activated. Lower beam headlamps should automatically reactivate at a prescribed lux value during dark/night conditions. In these vehicles, both the DRLs and lower beam headlamps may not activate under the prescribed conditions when the manual lighting switch is in OFF or PARKING LAMP mode. During that time, the vehicle could be less visible, increasing the risk of a crash.

In these vehicles, both the DRLs and lower beam headlamps may not activate under the prescribed conditions when the manual lighting switch is in OFF or PARKING LAMP mode. During that time, the vehicle could be less visible, increasing the risk of a crash.

Remedy: Dealers will update the software in the vehicles' Body Control Module (BCM) to correct the condition.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Rental

Vehicle was registered by a rental agency.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
